

Hello Sonja and Sylvia

I forward you Henna Heinilä's feedback about you workshop.

Bw. Katri.

Workshop was well prepared. The method (Placemat Activity) was interesting and challenging enough. The situation was not easy: you did not know how many students there where and what kinds of professional backgrounds thy have. However you did it very well. You acted flexible and innovative way.

Communication was natural and you guided students clearly and logically.

Thanks for interesting workshop and have a pleasant time here in Finland.
Best regards,
Henna
